An aerial photograph of the Caloundra City Private School campus. The school buildings, including a large main building and several smaller structures, are situated on a grassy area. To the left of the main building is a large, rectangular swimming pool. The campus is surrounded by a dense, lush green forest. In the far distance, a range of mountains is visible under a clear sky. The text is overlaid on a dark blue rectangular background in the center-left of the image.

Caloundra City Private School  
is an innovative, co-educational  
school which offers excellent  
learning opportunities for  
students in Prep to Year 12.

Our students have the opportunity to study and participate in a wide variety of subjects and extra-curricular activities.

Our deliberately smaller school population reflects our belief that students experience many benefits in a nurturing environment with personalised care and academic attention. We pride ourselves on providing an outstanding educational experience and encouraging setting with emphasis on each individual student.

# From the Principal

Caloundra City Private School is located within the beautiful Pelican Waters near Pumicestone Passage, Sunshine Coast.

It is with pleasure that I welcome you to Caloundra City Private School. I have only just started the role of Principal at this wonderfully warm and welcoming school and it is already clear what we represent. Students are at the heart of all we do, which has enabled us to proudly create a positive learning culture where students feel safe, happy and valued. These are important elements conducive to learning.

Also important to this formula for learning are our dynamic, dedicated and caring teachers. They will do their very best to assist your sons and daughters on their learning journey. Their love of learning drives them to instil that love of learning in all of their students.

We believe parents and other family members' involvement in the life of our students is paramount to their success. As a school, we want to partner with you to ensure that your sons and daughter embrace life at school with enthusiasm, focus and commitment. The lines of communication are always open.

Caloundra City Private School creates opportunities and pathways for all students to excel, develop character and learn the ways to become world ready.

We want students to learn the art of self-direction and be courageous enough to make a positive difference in their communities, now and when they leave school. We want our young people to be authentic and demonstrate responsibility and respect for others.

Our aim is to develop students who are well rounded, talented, kind, courteous and confident young people, who are ready to make a difference.

Our School Motto of 'Excellence, Integrity, Learning' drives all that we do.

With my very best wishes,

Mrs Sherrie Cuthbert - MEd BEd  
Principal

# Visiting Caloundra City Private School

We invite you to spend one month (four weeks) or one school term (10 weeks) at Caloundra City Private School on the Sunshine Coast, Queensland, Australia.

Our continued commitment to our Study Experience Program offers students from overseas the opportunity to stretch their wings and experience a vibrant learning environment in Australia. The Caloundra City Private School culture supports students within an immersive environment, understanding our routines, local class structure, way of life (living with Australian host families during their stay) and exposure to a wide variety of additional activities.

We have a teaching and learning philosophy that places the student at the centre of the learning process and focuses on the uniqueness and individuality of every student.

Caloundra City Private School welcomes International Students.

# Visiting Sunshine Coast

The Sunshine Coast is home to some of Queensland's most beautiful beaches, pristine waterways, and a lifestyle second-to-none.

Situated an hour north of Brisbane, the Sunshine Coast is perfectly suited to living a wholesome, family lifestyle by the beach, with easy access to metropolitan facilities from the city.

The Sunshine Coast is more than just a holiday destination. With large infrastructure and urban developments underway, the Coast is taking shape to become a new metropolitan region for South East Queensland. The population in South East Queensland is growing, as more families and professionals travel north for the exciting opportunities beginning to take shape in the Sunshine state.

Educational and career opportunities are just the beginning for young professionals looking to develop their skills on the Sunshine Coast. Caloundra City Private School is centrally located between local beaches and retail districts, University of the Sunshine Coast, the new state-of-the-art University Hospital and Brisbane city.
